

ICD-10-PCS A&P Module: Procedures of the Respiratory System (0B)

Course Description

ICD-10-PCS A&P Module: Procedures of the Respiratory System (Body System 0B) is designed to enhance coding professionals' knowledge in anatomy, physiology, and pathophysiology terminology for conditions related to the respiratory system. This module reviews the ICD-10-PCS categories (0B) and ICD-10-PCS terminology as it relates to respiratory coding. This module concludes with a 20-question final self-assessment test to assess your practical knowledge of the skills reviewed.

Learning Objectives

- ✔ Review basic ICD-10-CM coding guidelines
- ✔ Understand the anatomy of the respiratory system
- ✔ Review body part values
- ✔ Understand root operations associated with this system
- ✔ Gain knowledge of operation approaches
- ✔ Understand devices associated with this system
- ✔ Understand qualifiers associated with this system

This course also qualifies for **2 hours** towards AAPC and AHIMA's new ICD-10 CE
